Kuvaus The Second Light Picture Superscript

by Dr. J.J. Hurtak

This is the second Key of the 'Last 10 Keys' – information shown to Dr. Hurtak by Enoch and Metatron to further reveal the power of the *Shekinah* behind who we are in a vast and awesome universe.

This is the Key that reveals how "We Are the Image" as Adamic creation. Here we explore the uniqueness of the human image amidst the evidences of Cosmic Creation and life in the universe. We also explore the spiritual gifts of higher consciousness that are central to the choices we have to make to discern the various realities. As we learn to understand the power of the Most High within all living things, we discover that we are part of a higher evolutionary process, which

also exists at the deepest levels of our human nature. As described also in *The Keys of Enoch®*, we are on a pathway towards a new super-human existence, that is working with a vast holarchy of intelligences including the angelic messengers.

From the DNA within our body to the experiences with Higher Intelligence we are discovering that we are part of a greater Divine Plan of Creation.
