## **The Guiding Hand**

### by Dr. J.J. Hurtak

An understanding of how the extraterresrial and ultraterrestial brothers can help us, and why they also allow us to help ourselves and humanity. This booklet provides an explanation of the unique relationship between extraterrestrial events and discrete levels of advanced intelligence.

The author also explains many questions about paraphysical science and looks at what is in store for our future when we become aware that we are just one small part of the House of Many Mansions.

Brochure booklet, A5-Format, 52 Pages
