Short Description

Polkuja Valoon, Sielun Matka

New Edition!

Kuvaus

A meditative journey flowing with fractal mathematical forms. Behind the visual geometries is a chorus of Sacred Music incorporating inner creativity with the Divine Names.

In putting the Sacred Names to music and visualizing the Sacred Mathematics, our connection with the source of life is increased in this world, and the consciousness of the Earth is able to pass into the Living Spirit of the Divine.

DVD Meditation: 45 minutes
